TURNING CRISIS INTO HOPE

MISSION, VISION & VALUES

ALL HANDS & HEARTS HELPS COMMUNITIES RECOVER AFTER DISASTERS AND GETS CHILDREN BACK IN SCHOOL.

We work around the world to lessen the physical and emotional impact caused by climate disasters and humanitarian crises. Through direct action, accessible volunteer engagement and strong partnerships, we support communities to respond to, recover from, and build resilience against disasters.

URGENT HUMAN UNIQUE UNSTOPPABLE AUTHENTIC

THE THREE PILLARS OF OUR UNIQUE DISASTER RELIEF MODEL:

* Emergency Response

When disaster strikes, we're on the ground fast, meeting immediate needs and ensuring safety and stability in the critical first days and weeks.

Recovery & Resilience

True recovery takes time. We stay long after the headlines fade, working alongside families to rebuild homes, restore livelihoods, and strengthen resilience for the long term.

Education

We restore stability by bringing children back into safe schools to learn and play – giving them hope for the future, while families gain the freedom to rebuild homes, livelihoods, and stronger communities.
